Contemplation of quote: Everything I do is just really my intuition, and every time I go against my intuition it's a mistake. Even though I may sit down and analyze and intellectualize something on paper, if I go against my gut feeling, it's wrong -Tamara Mellon

Unfinished business:

- A. **Sanctuary:** Reminder that sanctuary is moving to education/other category in PalTalk effective Sept 1. Noted that room is not visible if not open. Room will open 15 minutes prior to first scheduled speaker. New calendar to be posted on website 09/01/16. All admins to be removed that are not newly trained. Member meeting recording to be edited and used for admin re-training.
- B. **AT admin retraining:** Self-study program suggested for admin training that could potentially end with Paltalk practicum. Class room time for entire training is not practical. Admin subcommittee to be formed. All trustees volunteered to assist with admin duties on the two busiest days Wednesday/Sunday. Regina went over highlights from member meeting about admin duties, including the difference between bouncing and red dot procedures. Gloria to volunteer Wednesday and Ken to volunteer Wednesday and Sunday afternoon. Regina will coordinate training for both.
- C. **AT job postings: search for** AT sanctuary director and assistant sanctuary director moving along, an update will be provided when available.
- D. **AT radio broadcast:** ACIM gather radio and AT broadcast signal discussed potential confusion between AT and ACIM during broadcasting. Lyn and Jay discussed further. It was decided that the two will not share a signal or radio broadcast.
