

## Gloria Wells

Gloria brings an open heart, empty hands and agape love before the assembly with great willingness to be of service to the one true Self appearing as many.

Her initially obscure path of awakening began to sprout in 2008 and became easier to distinguish and navigate once she was led to join Awakening Together in July 2013.

Gloria's journey of remembrance has been fortified by the sacred teachings of ACIM and NTI. She is currently a 2<sup>nd</sup> year MPP student under one who plays an invaluable role in her spiritual development, her teacher/mentor Regina Dawn Akers, President minister/founder of Awakening Together.
