

Sonja Spahn

Sonja Spahn is a joyful servant of Awakening. Introduced to A Course In Miracles after the death of her husband, she joined with Mighty Companions who followed the same path and absolutely nothing has been the same since! They joined in dedication, called themselves Zebras, and enjoyed serious discipleship of spiritual teachings such as NTI, Inner Ramana, The Way of Mastery and most recently, the teachings of Joel Goldsmith.

Educated as a journalist, Sonja is most happy when sharing the messages of Awakening. She often helps with editing, proofreading and transcription. She has facilitated an ACIM group for many years, the current group meets via conference call early each morning. She has been on assignment for the last 26 years as a devoted mom, and as she sends her youngest off to college this fall she is eagerly awaiting her next mission from Holy Spirit. Sonja credits two messengers, Rev Myron Jones and Rev Regina Dawn Akers as being instrumental in her Spiritual growth and is eternally grateful to be blessed to join with, and be of service to, all the delightful messengers of this Great Awakening
