Dear Lisa,

Thank you so very much for all of the time and effort you put into selling our home. Your understanding of my husband's health issues was greatly appreciated. You made the whole process bearable. There were times when I was quite discouraged and thought we would never get the house sold, but you never gave up. You just developed a new plan which eventually sold our home.

On a personal note; I enjoyed talking with you and getting to know you. I hope your home sells quickly and good luck in your new home.

Thank you again
