To: All of you who need to meet Lisa Scheer

Given the economic conditions, we were reluctant to enter the real estate market, however, job changes were affording us the opportunity to re-locate out of the area. We made the decision to contact Lisa because she came recommended via a neighbor who had success in the sale of their home, courtesy of Lisa Scheer.

Upon meeting Lisa, we were immediately impressed by her personality and marketing approach to selling homes in a depressed market. Lisa is honest, direct and realistic. She provides constructive yet firm feedback relative to selling your home. Her no nonsense approach enabled us to sell our home in a little more than 4 months! Lisa is organized, professional, experienced and detailed. She kept us on track, informed and comfortable throughout the entire process, which was long distance for us as we had already re-located.

Selling or buying a home requires a commitment and partnership by both the realtor and the buyers/sellers. Lisa delivers on both. I would highly recommend Lisa whether you are looking to buy or sell a home. Her positive approach will deliver on your expectations.

Sincerely,

Ralph & Amy Baker
