IT Committee Minutes

November 21, 2013

Present

Boni Sanchez	Nick Endicott	Johnson Langidrik
Biuma Samson	Chris Sebastian	
Edward Adiniwin	John Brown	

Agenda

1. Minutes of October 17, 2013 approved

2. Staff Concerns

    a. Physical Plant requires one (1) computer designated for the custodians so they can check their emails

3. Faculty Concerns

    a. RH207 classroom, speaker feedback. This classroom will be up for maintenance as soon as IT department receives the new orders for VGA cables

4. Arrak Concerns:

    a. Arrak employees require a computer for clocking in
    b. Requesting for Wi-Fi in the cafeteria because people usually have their presentations
    c. Require desktop/workstation for Edward Adiwin's assistant
    d. Two (2) computers in Student Services needs to be repaired

    Resolved Issue: Computer in Nursing area is fixed

5. Schedule for IT Committee meeting might change next semester because faculty's schedule will change

6. IT department will make it possible for students to reset their own passwords. This will be implemented before the 2014 Spring Semester

7. Raspberry Update

    a. The device uses open source. It is Linux based. IT department has purchased one Raspberry to do some further study.
    b. This device uses HDMI. Most of the monitors in CMI uses VGA.
    c. Some students have difficulty using Microsoft Windows. Introducing Linux environment might make it more confusing to the students.
