CameraFTP Order Form for Preconfigured Cloud NVR T1000/P1000 Security Solution

A preconfigured CameraFTP Cloud NVR Security System includes the following components:

- 1 Cloud NVR T1000 or P1000 (a Wireless AP is included);
- The included Wireless AP has 4 Ethernet ports and can support max 4 wired outdoor cameras.
- 1 to 5 indoor VGA cameras, or 1 to 3 outdoor 720P cameras, or 1 to 4 mixed indoor VGA/outdoor 720P cameras. (More cameras may be supported based on your plan parameters. Please contact CameraFTP support before ordering).
- If there is no power outlet near the camera, each wired camera requires a PoE module;
- If there is no Ethernet port near the camera, each wired camera requires a long Ethernet cable.

Please fill in the form below and then email/fax it to CameraFTP sales.
