CameraFTP Order Form for Preconfigured Wansview K1 Cloud Recording Solution

A preconfigured Wansview K1 may include an optional Wireless AP. For indoor monitoring, wireless connection is much more convenient than wired connection. (However, wired connection is faster and more reliable than wireless connection.)

The wireless AP is recommended for most users. If you don't include it, please make sure you know how to connect the camera to your existing AP, or connect the camera with a network cable.

Please fill in the form below and then email/fax it to CameraFTP sales.

Hardware	Unit Price	Quantity	Total
Wansview K1	\$99.99	<input type="text"/> (1 to 6)	\$ <input type="text"/>
Wireless router (optional)	\$29.99	<input type="text"/> (0 or 1)	\$ <input type="text"/>
