### **NOTES:**

For students who commenced a Teacher Education course of study before 1 January 2021, your current funding arrangement will continue for the life of your course.

If you are not sure how to calculate how much you should be paying, the Information for Commonwealth Supported Students booklet contains detailed instructions and examples of how to calculate your student contribution. This booklet is obtainable from the Australian Taxation Office, Centrelink, Tabor Student Services or can be downloaded from the Commonwealth Government's Study Assist website: [www.studyassist.gov.au](http://www.studyassist.gov.au)

The Commonwealth Government sets the maximum student contribution amount, and reviews this on an annual basis.

## Information on Help Loans

1. Eligible domestic students in any of Tabor's higher education courses can obtain a FEE-HELP loan to cover the cost of their tuition fees. It is your responsibility to ensure you have enough available balance on your FEE-HELP debt to cover your tuition fees.
2. Commonwealth supported places are available for students studying a Bachelor of Education or Master of Teaching. Eligible students can obtain a HECS-HELP loan to cover the cost of their student contribution. It is your responsibility to ensure you have enough available balance on your HECS-HELP debt to cover your student contribution.

### **FEE-HELP**

- FEE-HELP is a Commonwealth Government loan program designed to assist eligible students in higher education courses to pay their tuition fees.
- To be eligible for FEE-HELP, you must be an Australian citizen or the holder of a permanent humanitarian visa who will be resident in Australia for the duration of the subject.
- A loan fee of 25% will apply to FEE-HELP loans for undergraduate courses, but not for postgraduate courses. The loan fee is not included in the limit.
- FEE-HELP will be available for full-time or part-time study.
- Students who wish to do so will be able to pay all or part of their tuition fees up-front and to take a FEE-HELP loan to cover any balance. (The 25% loan fee will apply only to the balance.)
- In order to continue being eligible, students must maintain a 50% (or better) pass rate.

### **HECS-HELP**

- HECS-HELP is a Commonwealth Government loan scheme that applies only to eligible students in Commonwealth supported places. Tabor has been allocated a number of Commonwealth supported places in Teacher Education.
- Students in these places are Commonwealth supported and do not pay tuition fees, but pay a student contribution instead.
- Through HECS-HELP, Commonwealth supported students are able to defer payment of their student contribution with a Government loan.
- HECS-HELP loans do not attract any fees.
- To be eligible for HECS-HELP at Tabor you must be an Australian citizen or the holder of a permanent humanitarian visa and be allocated one of the College's Commonwealth Supported Places in teaching.

### **Repayment of HELP loans**

- HELP loans are repaid through the tax system on a sliding scale, starting once a person's income is above the minimum threshold for compulsory repayment.

Students accessing either HELP scheme will receive via email a Commonwealth Assessment Notice (CAN) shortly after each census date in which they are enrolled. The CAN will detail the subject/s enrolled and the amount being charged. It is your responsibility to check the CAN is correct and to question any irregularities within 14 days. It is strongly recommended that you keep a copy for your records.

Further Information about FEE-HELP and HECS-HELP is available here: [www.studyassist.gov.au](http://www.studyassist.gov.au)

## Census Dates

A census date is the date during the subject by which your enrolment requirements for that subject must be finalised. Census dates are set by Tabor for each subject of study offered. These are key dates and are very important for students. They cannot be changed or extended.

The census date is important because it is the deadline for all of the following:

- Finalising your enrolment with Tabor;
- Completing and submitting your HECS-HELP or FEE-HELP form online;
- Paying your fees up-front

If you remain enrolled in a subject as a HECS student at the close of business on the census date you will:

- Be liable to pay your Student contribution for that subject; and
- Incur a HECS-HELP debt if you have requested a loan for your Student contribution amount for that subject.

If you remain enrolled in a subject as a fee paying student at the close of business on the census date you will:

- Incur a FEE-HELP debt if you have requested a loan for your tuition fee for that subject; or
- Be liable for the balance of any part of your tuition fee which has not been paid up-front.

**You must enter into a fee payment arrangement prior to the census date, or your enrolment will be cancelled. The census dates and additional information can be found on our website here: <https://tabor.edu.au/student-resources/census-dates>**

Census dates are a minimum of 20% of the way through a subject. To confirm the census date for your subject, log in to your student record via the Paradigm link for students located on the home page of Tabor Online, and click on the name of the subject.
